PRESIDENTS REPORT

ANTHONY WIKUM ASPE SD PRESIDENT

Dear members

As your incoming president, I am excited for the upcoming year of meetings and events. We are working hard to select topics and speakers that will make the greatest impact on your engineering needs. We are always open to suggestions if you would like to reach out to a local board member.

For the upcoming 2021 Technical Symposium happening in just a few weeks, we are expecting a full crowd and respect each member's safety during the event. Every booth available has been reserved at the event and hope all the designers, engineers, and principals alike will come and reconnect with the suppliers, reps, and manufacturers. I expect masks to be worn by most. If you have a higher level of concern, I predict the first 2-3 hours and last hour of the product show each day to be

less crowded. Please plan accordingly. Any of the volunteers will be happy to help with any questions throughout the event.

We also hope to start up more AYP the other social event as the year rolls on and it is appropriate.

In closing, I am very appreciative of the past and current members especially the past board members and presidents who have helped the local and national engineering field excel.

ASPE Technical Symposium page: <https://www.aspe.org/2021-tech-symposium/>

Anthony Wikum
ASPE San Diego -President

VP LEGISLATIVE

Scott Newton

Hello Fellow ASPE members. Its good to be back on the board of Directors for the San Diego Chapter. We have an exciting year ahead, and as legislative developments occur, I hope to keep our membership abreast of local ordinances and best practices. Our last meeting featured speaker Julie Marlett, the FEWD Director. She gave a very informative presentation outlining the FEWD Program. Which has helped reduce grease-caused sanitary sewer overflows by 95% since 1988 using a multi-pronged approach to compliance. 1st is Identification, 2nd is Inspection, and 3rd is Public Outreach. The Program consists of 8 inspectors covering 8 unique regions. Julie emphasized that the most common mistake they usually see is not providing all the documentation, such as fixture equipment lists, floor plans, plumbing plans, and details of the GRE's, sometimes the equipment list does not match the plans, or we have the wrong stamp at the Plumbing Per-

mit Inspection. Look for a Blue Stamp, meaning No GRE's required, or a Green Stamp, meaning the project has been approved. However, if you see a Red Stamp, corrections are required, and you'll need to resubmit updated plans with a summary of changes. Also, always be prepared for "special considerations" as every project is slightly different. If you have any further questions about the FEWD program, please contact Julie Marlett directly @ 858-654-4190, or jmarlett@sandiego.gov.

REPRESENTING:

weil aquatronics

Treating Water as a Resource™

- ◆ Submersible, vertical, and dry pit sewage and sump pumps; stainless steel and high temperature options
- ◆ Condensate return, boiler feed, and circulating pumps
- ◆ Submersible and vertical grinder pumps, "Slicer" pumps, "Mover" pumps, "Scum Blaster" systems, prefabricated lift stations
- ◆ High efficiency water pressure booster system packages

- ◆ Submersible and dry pit non-clog sewage, effluent and wastewater pumps
- ◆ Grinder pumps, cutter pumps, vortex, jacketed pumps, and portable dewatering pumps
- ◆ High temperature and corrosion resistant pumps
- ◆ 10 GPM to over 10,000 GPM, 1/2 HP to over 500 HP

- ◆ UL- and ETL-listed packaged variable and constant speed pumping systems
- ◆ Domestic water, HVAC, irrigation, and fire pump packages
- ◆ Custom engineering and design capabilities
- ◆ Each system full factory-tested and warranted
- ◆ HVAC Pumps and accessories

- ◆ Worldwide manufacturer of high efficiency pumps, stainless steel circulators and multi-stage pumps
- ◆ State of the art variable speed EC motors and controls
- ◆ NSF 61 certified for domestic water

- ◆ Non-chemical water treatment using ozone technologies
- ◆ For cooling towers, lakes, fountains, aquariums, swimming pools and other open systems
- ◆ AquaPak™ EWS emergency water supply packages for critical facilities (OSHDP)
- ◆ CleanStream™ cooling tower filtration packages

- ◆ High performance self-priming and end suction centrifugal pumps
- ◆ Standard heavy-wall ductile iron volutes and 17-4 PH stainless steel shafts
- ◆ Shimless impeller adjustment and cartridge-type SC/TC mechanical seals

- ◆ AQUALOOP Greywater, Rainwater and Stormwater Treatment
- ◆ 6 Log Reduction of Bacteria (99.9999%) and 99.7% Virus Removal
- ◆ NSF 350 Certification
- ◆ PURAIN Self-Cleaning Pre-Filters for Rainwater Collection Systems
- ◆ DRAINMAX Tunnel Infiltration Products for On-Site Detention

CARTER PUMP

- ◆ Air-operated, clog-proof, odor-free Pneumatic Ejectors
- ◆ Self-priming Diaphragm Pumps for viscous liquids
- ◆ High-pressure positive displacement Plunger pumps

- ◆ Strong and durable fiberglass reinforced plastic (FRP) or stainless steel bolted-panel above ground water storage tanks
- ◆ Typical Uses: Potable water, greywater, rainwater, recycled water, irrigation, fire protection, and many others
- ◆ Modular design is ideal for retrofits and areas with limited access
- ◆ Various configurations available to maximize use of irregularly-shaped spaces
- ◆ Over 50 years experience, and installations in more than 30 countries

- ◆ HVAC specialties
- ◆ Triple duty valves
- ◆ Suction diffusers
- ◆ Expansion tanks
- ◆ Air separators
- ◆ Flex connectors
- ◆ Strainers
- ◆ Hydropneumatic tanks
- ◆ Butterfly valves
- ◆ Heat exchangers
- ◆ Flow metering devices
- ◆ ASME pressure vessels

ACCESSORY LINES

- ◆ Control panels, alarms
- ◆ Custom fabricated steel basins, covers and frames
- ◆ Level sensors
- ◆ Fiberglass sump basins
- ◆ Elevator sumps, holding tanks, and alarms
- ◆ Grease waste transfer systems

V.P. Membership Report

Chrissy Hamm, VP Membership

Well done San Diego chapter, we are up to 95 members!! Just a continued reminder, all ASPE Members are given an additional 90 day extension on their membership which began last year as a courtesy due to the pandemic. The extension provides members online renewal access during this time. Keep in mind, that it does NOT change the memberships originally valid to date.

Also keep in mind registration for the 2021 ASPE Technical Symposium, which is being held in San Diego from September 22nd through the 26th continues.

<https://www.aspe.org/2021-tech-symposium/>

As always, I am here to assist you whenever possible with your membership needs.

AT LAST – IT'S ARRIVED!

Just what you've been waiting for!

Independent third-party performance verification under a US test protocol for a Physical Water Conditioner - the alternative to the conventional water softener.

Project No.: 29225

Report Number: 2536-18001-002

Report Issued: February 26, 2018.

Client: Aqua-Rex
3301 Spring Mountain Road Ste 18
Las Vegas, NV 89102

Contact: Jimmy Secombe

Source of Samples: The samples were shipped to IAPMO R&T Lab from Aqua-Rex, and received in good condition on October 11, 2017.

Date of Testing: October 25, 2017 through December 15, 2017.

Sample Description: Scale Prevention Device; model: Aqua-Rex WK1-E.

Scope of Testing: The purpose of the testing is to determine the efficacy of the Scale Prevention Device per section 5 of IAPMO IGC 335-2018, entitled "Rapid Scaling Test for Scale Prevention Devices".

CONCLUSION: When tested per Section 5 of IAPMO IGC 335-2018, Aqua-Rex WK1-E reduced scaling by 83% when applied to Las Vegas water heated to 180°F.

Approved for more applications
than any other press system

For residential, commercial and industrial projects, Viega provides more press fitting system solutions for engineers than any other manufacturer. The Viega MegaPress® system for black iron is the only press fitting solution for both hydronic and gas applications. Viega MegaPressG approvals/listings for natural gas include UPC, CSA, ICC, TSSA and LA City Lab. Viega MegaPress approvals/listings for hydronic, fire protection and compressed air systems include UMC, UL, FM, ICC and TSSA. Viega also offers the first press fitting for PEX. Approved in the City of LA, Viega PEX Press fittings provide secure connections and a guaranteed method to identify unpressed connections, the Viega Smart Connect® feature.
