VP TECHNICAL REPORT

ANTHONY WIKUM, VP TECHNICAL

The San Diego board has been fortunate to have dedicated volunteers on the board through the years. We look forward to the upcoming years and expanding our education. I find the comradery of working towards a cause and concentrated effort is enjoyable.

We are looking for new faces at multiple board member levels. The benefits for an engineer on the board are immense including staying in touch with your fellow engineers and keeping your finger on the pulse of the local industry. If you are interested please reach out to one of the board members and we are happy to introduce you to the process.

Approved for more applications than any other press system

For residential, commercial and industrial projects, Viega provides more press fitting system solutions for engineers than any other manufacturer. The Viega MegaPress® system for black iron is the only press fitting solution for both hydronic and gas applications. Viega MegaPressG approvals/listings for natural gas include UPC, CSA, ICC, TSSA and LA City Lab. Viega MegaPress approvals/listings for hydronic, fire protection and compressed air systems include UMC, UL, FM, ICC and TSSA. Viega also offers the first press fitting for PEX. Approved in the City of LA, Viega PEX Press fittings provide secure connections and a guaranteed method to identify unpressed connections, the Viega Smart Connect® feature.

UPDATE ON ASPE OPERATIONS DUE TO THE CORONAVIRUS (COVID -19) PANDEMIC

https://www.aspe.org/blog/update-on-aspe-operations-due-to-the-coronavirus-covid-19-pandemic/

"Considering the continuing novel coronavirus (COVID-19) pandemic, and the current environment in which we live and work, ASPE is taking additional steps in protecting the health, welfare, and safety of our members, partners, and staff. During this time of working remotely and "social distancing," the best way to communicate with staff is via email. You can find everyone's email addresses here: aspe.org/about/staff. ASPE staff has developed a proactive guidance webpage with resources to help address many of the needs and concerns of our members: aspe.org/coronavirus-covid-19-preparedness-resources.
