VP TECHNICAL REPORT

ANTHONY WICKUM, VP TECHNICAL

V.P. Technical ASPE San Diego

Thank you to all the ASPE members for your continued support and we encourage you review the available on demand ASPE meeting from the local and chapters across the county. This is a huge benefit due to the broad selection of topics. <https://education.aspe.org/>

To the Engineers affected by the current situation and were let go. We are happy to help and will be adding a reference page to the ASPE San Diego website where we will be able to add your contact information. Please reach out to one of the board members if you are

PRESIDENTS REPORT

GRANT SCHAFFER ASPE SD PRESIDENT , REG. 4 NOMINATING COMMITTEE

I hope that everyone is safe and healthy during this stressful Covid 19 virus event, I would guess that some of us are getting the Corona 15, as in weight gain. We have announced last month our meetings will still be observing the shelter in place for another month. we are making plans to have our meeting in July as San Diego and the county may relax the parameters for gatherings. The Board will evaluate our situation for next month and keep the members informed.

With that said we will have an online webinar this month so stay tuned to the email blast and the flyers coming out. Last month we have a virtual meeting/webinar. I hope that those that were able to

attend enjoyed the meeting. We will have another on line meeting this month so please register and enjoy.

We are still planning on the golf tournament this year albeit will be reduced as the golf course is setting the parameters on how we are to engage. Most of us will have to walk and keep the 6 foot distance requirement.

Please take a look at the link in the newsletter or online at ASPE.org for the CPD exam as National is holding an online test this year. We have links posted in the side bar of this months newsletter.

If there is any member that is hav-

CPD Testing Online

See ASPE WEBSITE Date May 13, 2020

The Credentialing Committee has decided to postpone the CPD Exam. The original exam dates were March 30 – April 5, 2020. ASPE is holding an online exam which means that candidates will not go to a test center to take their exams. Candidates will take the exam from the comfort of home or desired location that has a stable internet connection. The 2020 CPD Exam dates are June 15 – 28, 2020.

For candidates that previously scheduled their examination via PearsonVUE and paid the fee, your examination will be canceled and you will be issued a refund.

Pam Rosenberg will be sending out revisions and directions on the next steps.

On or around June 1, 2020, eligible candidates will receive updated instructions on how to begin registration and submit exam fees.

For those that are still interested in taking the annual CPD Exam and have not previously expressed interest, please visit <https://www.aspe.org/education-credentialing/cpd/cpdexaminterest/> to notify the Society that you wish to take the exam this year.

Registration closes (revised): June 19, 2020
Exam dates: June 15 – 28, 2020

<https://www.aspe.org/cpdexamcovid19/>

ASPE SD UPDATE

Due to San Diego City and County Lock down, mass gatherings for San Diegoans is still in the holding stage. Please take note to local updates for Covid 19. As we wait out this dilemma stay tuned to the ASPE SD website and the newsletter for future even holdings for the ASPE SD chapter. Currently Anthony Wikum is managing all monthly event and webinars are common place. We will let everyone know soon when we can all get back together. Thanks for the patience and stay safe.

PresidentContinued from page 3

ing a rough go due to employment and find yourself out of work, and unable to pay your membership dues this year please contact VP Membership Crissy Hamm chrissyk@specsales.com and we will help out as best we can. ASPE National has noted the willingness to extend their help on an as needed basis. ASPE SD would like to accommodate you as best we can.

This is voting month for this next years board if you want to write yourself in or take a position please let us know. We need the historian position filled and the board can always use members to help out.

We look forward to seeing everyone soon. Be safe.

Grant Schaffer

REPRESENTING:

weil aquatronics

Engineered Pumps, Hydronic,
and Water Treatment Equipment

- ◆ Submersible, vertical, and dry pit sewage and sump pumps
- ◆ Condensate return, boiler feed, and circulating pumps
- ◆ Submersible and vertical grinder pumps, "Slicer" pumps, "Mover" pumps, "Scum Blaster" systems, prefabricated lift stations

- ◆ Submersible and dry pit non-clog sewage, effluent and wastewater pumps
- ◆ Grinder pumps, cutter pumps, jacketed pumps, and and portable dewatering pumps
- ◆ High temperature and corrosion resistant pumps
- ◆ 10 GPM to over 10,000 GPM, 1/2 HP to over 500 HP Prefabricated lift stations

- ◆ UL- and ETL-listed packaged variable and constant speed pumping systems
- ◆ Domestic water, HVAC, irrigation, and fire pump packages
- ◆ Custom engineering and design capabilities
- ◆ Each system full factory-tested and warranted

- ◆ High performance self-priming and end suction centrifugal pumps
- ◆ Standard heavy-wall ductile iron volutes and 17-4 PH stainless steel shafts
- ◆ Shimless impeller adjustment and cartridge-type SC/TC mechanical seals

- ◆ Non-chemical water treatment using ozone technologies
- ◆ For cooling towers, lakes, fountains, aquariums, swimming pools and other open systems
- ◆ AquaPak™ EWS emergency water supply packages for critical facilities
- ◆ CleanStream™ cooling tower filtration packages

- ◆ Patented electroabsorptive technology for water purification and filtration
- ◆ Submicron particulate, pathogen, trace pharmaceutical, & cellular debris removal
- ◆ Much lower pressure drop, higher flow rates than comparable UF membranes
- ◆ Seromix Advanced Metals Removal System

- ◆ Packaged fire pump systems
- ◆ Inline, end suction and double suction circulating pumps
- ◆ Turbine, axial, and mixed flow pumps
- ◆ Vertical and horizontal multi-stage pumps

- ◆ PURAIN Self-Cleaning Pre-Filters for Rainwater Collection Systems
- ◆ AQUALOOP Graywater Treatment
 - ◆ 6 Log Reduction of Bacteria (99.9999%) and 99.7% Virus Removal
 - ◆ NSF 350 Certification
- ◆ DRAINMAX Tunnel Infiltration Products for On-Site Detention

- ◆ Pneumatic Ejectors
- ◆ Diaphragm Pumps
- ◆ Plunger Pumps

- ◆ Stainless steel vertical and horizontal multi-stage pumps
- ◆ Flows to 550 GPM, Heads to 1350 Ft., Temp to 285° F, Working Pressures to 600 PSI
- ◆ Cast AISI 304 or 316 stainless steel S/D casing
- ◆ NSF/ANSI 61 Annex G certified

◆ HVAC specialties	◆ Air separators	◆ Butterfly valves
◆ Triple duty valves	◆ Flex connectors	◆ Heat exchangers
◆ Suction diffusers	◆ Strainers	◆ Flow metering devices
◆ Expansion tanks	◆ Hydropneumatic tanks	◆ ASME pressure vessels

ACCESSORY LINES:

- ◆ Control panels, alarms
- ◆ Fiberglass sump basins
- ◆ Level sensors
- ◆ Custom fabricated steel covers and frames
- ◆ Elevator sumps, holding tanks, and alarms

**Approved for more applications
than any other press system**

For residential, commercial and industrial projects, Viega provides more press fitting system solutions for engineers than any other manufacturer. The Viega MegaPress® system for black iron is the only press fitting solution for both hydronic and gas applications. Viega MegaPressG approvals/listings for natural gas include UPC, CSA, ICC, TSSA and LA City Lab. Viega MegaPress approvals/listings for hydronic, fire protection and compressed air systems include UMC, UL, FM, ICC and TSSA. Viega also offers the first press fitting for PEX. Approved in the City of LA, Viega PEX Press fittings provide secure connections and a guaranteed method to identify unpressed connections, the Viega Smart Connect® feature.
